## ENDS INDIGESTION

## IN A FEW MOMENTS

Gas, Heartburn, Headache and All Mis-  
ery From Out-of-Order Stomach  
Vanishes After Taking a Lit-  
tle Diapiesin.

Nothing will remain undigested or  
sour on your stomach if you will take  
a little Diapiesin occasionally. This  
powerful digestive and antacid, though  
as harmless and pleasant as candy, will  
digest and prepare for assimilation into  
the blood all the food you can eat.

Eat what your stomach craves, with-  
out the slightest fear of indigestion or  
that you will be bothered with sour  
risings, belching, gas on stomach, heart-  
burn, headaches from stomach, nausea,  
bad breath, water brash or a feeling like  
you had swallowed a lump of lead, or  
other disagreeable miseries. Should you  
be suffering from any stomach disor-  
der you can get relief within five min-  
utes.

If you will get from your pharmacist  
a 50-cent case of Pape's Diapiesin you  
could always go to the table with a  
hearty appetite, and your meals would  
taste good, because you would know  
there would be no indigestion or sleep-  
less nights or headache or stomach mis-  
ery all the next day; and, besides, you  
would not need laxatives or liver pills  
to keep your stomach and bowels clean  
and fresh.

Pape's Diapiesin can be obtained  
from your druggist, and contains more  
than sufficient to thoroughly cure the  
worst case of indigestion or dyspepsia.  
There is nothing better for gas on the  
stomach or sour odors from the stom-  
ach or to cure a stomach headache.

You couldn't keep a handier or more  
useful article in the house.

Miles and Mrs. Howard's classes will  
be admitted free. It is hoped that all  
will come and help the Sunday school  
in its good work.

## The Honest Proprietary Medicine

fills a national need in the land and it  
will take more than the cry of "fraud"  
and "fake" from the avaricious, over-  
reaching physician to overthrow an hon-  
est, reliable and standard preparation  
like Lydia E. Pinkham's Vegetable Com-  
pound, which is made from the roots and  
leaves of the Sida, and has cured more  
women of female ills than any other  
remedy we know of.

## WILLIAMSTOWN

Harry Denney Bequest for Congrega-  
tional Church Now Available.

The late Harry Denney, son of George  
Denney of South Northfield and a grand-  
son of the late Porter Simons of our  
place, left a bequest of \$250 to the Con-  
gregational church of this place that is  
now available. The gift is very highly  
appreciated.

Rev. D. H. Strong is expected to oc-  
cupy his pulpit a week from next Sun-  
day, October 24.

Thomas Sheridan continues to have  
carpenter work in Montpelier, where he  
has been for several weeks past.

Veteran Charles C. Staples has just  
had an attack of heart trouble, to which  
he is subject, but he is now gaining.

Our Ladies' Home Study club will  
meet with Mrs. John Farnham on Sat-  
urday afternoon of this week, October  
16.

Charles H. Beckett has recently re-  
turned to his home in New York City,  
from a stay of some months in Eu-  
rope.

Capt. A. S. Cowles, landlord of our  
Golf Springs house, tells us he thinks the  
last summer season there was better  
than that of A. D. 1908.

The M. E. Ladies' society will hold its  
annual sale, chicken pie supper and en-  
tertainment week after next, Thursday  
and Friday, at the Grange hall. Full  
particulars later.

The Ladies' Aid society of the Con-  
gregational church will serve a chicken  
pie supper in the lower rooms of the  
church building on Thursday evening of  
next week. A sociable will follow the  
supper. The public is most cordially in-  
vited.

Horace, son of the late Mrs. Prescott  
F. Blanchard, came up from Boston to  
attend her funeral last Wednesday af-  
ternoon. Mrs. Loren M. Downing of St.  
Albans, a sister of Mrs. Blanchard, was  
also present on this occasion, at which  
Rev. W. N. Roberts officiated.

Mrs. J. K. Lynde, now of Montpelier,  
was in town on Thursday. She expects  
to spend the coming winter months with  
friends in the West. Her son Roscoe,  
of Norwich university, has not yet fully  
recovered from the operation for apen-  
dicitis some weeks ago at the Mary  
Fletcher hospital, but is gaining.

J. Howard Winchester warns us that  
nobody will believe it, but we can as-  
sure the reader that Mr. Winchester is a  
reliable man, and he tells us that he  
recently dug 93 baskets of potatoes in  
four and a half hours, the baskets hold-  
ing a little over a bushel each, perhaps  
a bushel and a tenth. Among these  
potatoes were some that weighed three  
pounds each.

Mrs. Susie Benedict Brakins went to  
Burlington Thursday and will visit there  
and in Bristol, and in Chatham, N. Y.,  
preparatory to her return home in Whit-  
tier, California. She will be back here  
early week after next for a brief stay  
and will then go to the Pacific coast.  
The recent death of her father, Charles  
R. Benedict, makes it probable that her  
visits to Vermont hereafter may be few  
and far between—much to the regret  
of her friends.

It is pleased to know that we have  
in our midst even little folks who can  
resist strong temptation to use improper  
language. A little miss of some five  
years was playing with a bag containing  
shot. Her mamma warned her faithfully  
of her danger of spilling them on the  
floor and assured her that "if she should  
do that she would have to pick them  
all up." Of course the shot were finally  
spilled, and the mother was true to her  
word. "The spill" had occurred near  
a stove and as the little "Pharisee" fin-  
ished her warn job she told her mother  
that "some little girls would say it was  
godfrey might hot down where she had  
been working, but she wouldn't say it!"

## HAS BEGUN DUTIES.

Paul T. Jones Becomes Assistant En-  
gineer of Rutland Railroad.

Rutland, Oct. 15.—The position of as-  
sistant engineer of the Rutland railroad,  
which has been vacant since the resigna-  
tion of M. H. Elkin last March, has  
been filled. Paul T. Jones of New York  
having already begun his duties in this  
capacity.

Mr. Jones is a graduate of Princeton  
college, class of 1902. Before the com-  
pletion of his college course he worked  
for the Oregon Railroad Navigation  
company and the Union Pacific Railroad  
company. For about seven years Mr.  
Jones has been connected with the New  
York Central railroad. Three years of  
this time he was on the engineering  
force of the Hudson division, between  
two and three years he was assistant  
superintendent of bridges and buildings  
on the Rome, Watertown & Ogdensburg  
division and for about two years as-  
sistant superintendent of tracks of the Bos-  
ton and Albany division.

In connection with other improve-  
ments to be made by the engineering  
department of the Rutland railroad a  
contract has been signed and work begun  
on a new coaling station in this city  
with a storage capacity of 300 tons.  
This will be electrically operated. It  
will be located in the yard of the engine  
house and will be finished about the end  
of this year. It will take the place of  
the coal trestle on the Bellows Falls  
division and do away with coaling on the  
main line. A new water tank and other  
engine facilities will also be installed.

## BLANKETS FOR FLOOD VICTIMS.

The Christian Herald Sends 5,000 to  
Mexico.

New York, Oct. 15.—Announcement  
is made here that the Christian Herald,  
in response to requests for aid from  
Philip C. Hanna, United States consul  
at Monterey, Mexico, had shipped 5,000  
blankets for the use of flood sufferers  
in that vicinity.

## You Indoor People

must give the bowels help.  
Your choice must lie between  
harsh physic and candy Cascarets.  
Harshness makes the bowels  
callous, so you need increasing  
doses. Cascarets do just as  
much, but in a gentle way.

each tinlet of the genuine is marked C. C. C.

## Anty Drudge Tells How to Economize on Coal.

Mrs. Thrifty—"My husband is in the coal business and  
it doesn't cost anything for fuel to boil the clothes."

Anty Drudge—"Your husband doesn't get his coal for  
nothing, does he? Besides it costs just half the wear  
of your clothes when you boil them, as they wear  
out just twice as fast. Use Fels-Naptha soap in cool  
or lukewarm water if you want to save time, bother  
and your husband's coal."

John D. Rockefeller says "it is not  
what we earn but what we save that  
makes wealth."

In washing clothes with Fels-Naptha  
in cool or lukewarm water, either in  
summer or winter, you save:—

Fuel—No necessity for hot fire or  
boiling water.

Clothes—Your clothes last twice as  
long when washed with Fels-Naptha,  
because they are not weakened by boil-  
ing, nor worn out by hard rubbing.

Doctor's Bills—You don't risk your  
health by bending over steaming suds or  
a hot fire and then going into the cool  
outer air.

Time—The Fels-Naptha way of  
washing takes less than half as long as  
the old washboiler way.

Labor—Fels-Naptha takes three-  
fourths the work and all the drudgery  
out of washday.

If these savings are worth while to you,  
follow directions for using Fels-Naptha  
printed on the red and green wrapper.

## SNOW IN NEW YORK CITY.

The Temperature Drops Almost to  
Freezing.

New York, Oct. 15.—The first snow  
of the season reached New York early  
yesterday. It was only a brief flurry,  
and the flakes melted as soon as they  
landed. The temperature yesterday  
morning was only a few degrees above  
freezing.

## HALF MILLION FOR CHURCH.

Left to The Cathedral of St. John The  
Divine.

New York, Oct. 15.—The will of the  
late John Wallace, a New York stock  
broker, who died on Sept. 18, provided  
for a trust fund of \$750,000 of which  
\$500,000 will eventually go to the Ca-  
thedral of St. John The Divine of this  
city and \$250,000 to St. Thomas' church.

## GAYNOR LEAVES THE BENCH.

His Resignation to Take Place at  
Once.

Albany, N. Y., Oct. 15.—Albany, N. Y.,  
Oct. 15.—Justice William J. Gaynor,  
Democratic candidate for mayor of New  
York City, filed his resignation yester-  
day as a member of the appellate divi-  
sion of the supreme court, second de-  
partment, with the secretary of state,  
to take effect immediately.

## "AS BIG AS A BED SHEET."

Prediction About Size of The Official  
Ballot in New York City.

New York, Oct. 15.—At midnight  
last night, when the time for filing

nomination petitions expired, it was  
found that both the Hearst "Civic al-  
liance" petition and the "Civic alliance"  
petition of Hearst's Democratic rivals  
in Brooklyn had been duly recorded, in  
complete form. It is now up to the  
board of elections to decide, when it  
meets on Friday, which party is en-  
titled to the name and emblem.

Pros. Dooling of the board of elec-  
tions said:  
"The ballot bids fair to be as big as  
a bed sheet if all the tickets nominated  
by petition survive. The petitions came  
in by van loads and there has been no  
time to examine them carefully.  
There are scores of minor municipal  
parties and organizations in the lot,  
many of which, however, have endorsed  
the various candidates of the greater  
parties.

## TOO HIGH!

Some people have the idea that the cost of Electric Light

Look at it this way—If it is safer, cooler, cleaner and  
more cheerful and convenient than any other illuminant, isn't  
it worth more to you?

We can easily show you that our rates are fair as com-
